

JCT CLAUSE 6.5.1 INSURANCE (OR EQUIVALENT)

Policy Summary

JCT CLAUSE 6.5.1 INSURANCE

Policy Summary

This policy is a single contract non renewable JCT Clause 6.5.1* insurance, underwritten by Royal & Sun Alliance Insurance plc. The information below provides a summary of the cover provided. For full terms and conditions of the cover, please refer to the policy document a copy of which is available on request.

Alternately, cover is available on an annual basis to cover all the Contractor's 6.5.1 requirements during the year. Cover is provided for each contract undertaken (up to the policy limit) during the period of insurance, subject to the terms and conditions of the policy.

You may renew your annual policy each year, subject to your needs and our terms and conditions

Clause 6.5.1 is contained in the JCT Standard Form of Building Contract. It requires insurance to be arranged, in the joint names of the Employer and Contractor, to protect the Employer in respect of their

legal liability for damage to adjacent or surrounding property, other than damage caused by the negligence of the Contractor or sub-contractors.

The insurance is purchased by the Contractor on behalf of the Employer to provide protection against the Employer's liability for loss, claims or proceedings that arise due to non-negligent damage to property (other than the contract works) while undertaking a building contract due to:

- Collapse.
- Subsidence.
- Heave.
- Vibration.
- Weakening or removal of support.
- Lowering of groundwater.

**(JCT Clause 21.2.1 in earlier editions)*

The following points should be noted:

- The policy is automatically issued in the joint names of the Employer and the Contractor and covers all the perils specified in JCT Clause 6.5.1.
- The period of cover is to the expiry of the work plus the maintenance period.
- Cover includes the Employer's own property if it does not constitute the contract works. A separate contractor's all risks insurance should be arranged to cover damage to the contract works.
- The contractor's own Public Liability policy will cover the contractor's negligence.
- It is preferable to have the 6.5.1 risk and the contractor's Public Liability risk placed with the same insurer to avoid disputes as to whether the contractor was negligent or not, if a claim arises.

The following tables provide a summary of the main policy features and benefits and any significant exclusions and limitations. For full policy details and our full terms and conditions please read your Policy Wording, which will be provided on completion of your contract, or at any time on request.
